The screenshot shows an auction interface for a ring. At the top, a dark header contains the item ID '73' and technical specifications: 'Pt900 FR GRS S3.23 D2.62 14.8g'. Below this is a large image of the ring, which features a prominent oval-cut blue gemstone surrounded by smaller clear stones. To the right of the image is a table of details: 'Auction lane' (NJ Jewelry Site, 7th Jewelry), 'Remarks' (Royal Blue, SriLanka), and 'Starting price' (\$4,150). Below the image are four small thumbnail icons and a 'Details' button labeled with a circled '1'. At the bottom, there is a bid input field with '\$' on the left and '4150' in the center, followed by 'Bld/update' and 'Favorites' buttons. Below the bid field are two circled numbers, '3' and '2', which correspond to the 'Bld/update' and 'Favorites' buttons respectively.

● **Once the items are released**  
You may start to check the auction items via NJJS online platform.

Here are three buttons which have different function.

- ① Check item details
- ② Mark item as “favorite item”

✘If two users input same price for the same product, priority shall be given to the earliest bid received by the system, based on a "first-come first reserved" basis.

# Preset Bid

## ●How do the system bid on your behalf?

System automatically places bid. It is based on the difference between your preset bid (which represent your upper limit price) and the current highest bid (which is shown at ~~X~~).

Image of real-time bidding on the auction day.

# Note on Placing Bid

※Applicable to both  
Preset Bid and Real-  
time bidding.

## ●Bid increment

Bid increment is subject to the starting prices (sta. price) of items.

	If sta. price is below \$1,000	If sta. Price is \$1,000 or above
\$10	✓	✗
\$50	✓	✓
\$100	✓	✓

※If the sta. price is **below \$1,000**, you may set price in multiples of \$10.

“Example” Sta. price is \$300, you may place bid like \$310, \$320...etc, up to the maximum amount that you are willing to pay.

※If the sta. price is **higher than \$1,000**, you may set price in multiples of \$50.

“Example” Sta. price is \$1,500, you may place bid like \$1,550<sub>1,3</sub> \$1,600...etc.

# Real-time Bidding

## ●Countdown

Bidding of each item will end in 5 seconds, but the countdown would be reset if someone else places a new bid.

## ●The crown logo means

There are two situations.

Countdown finished

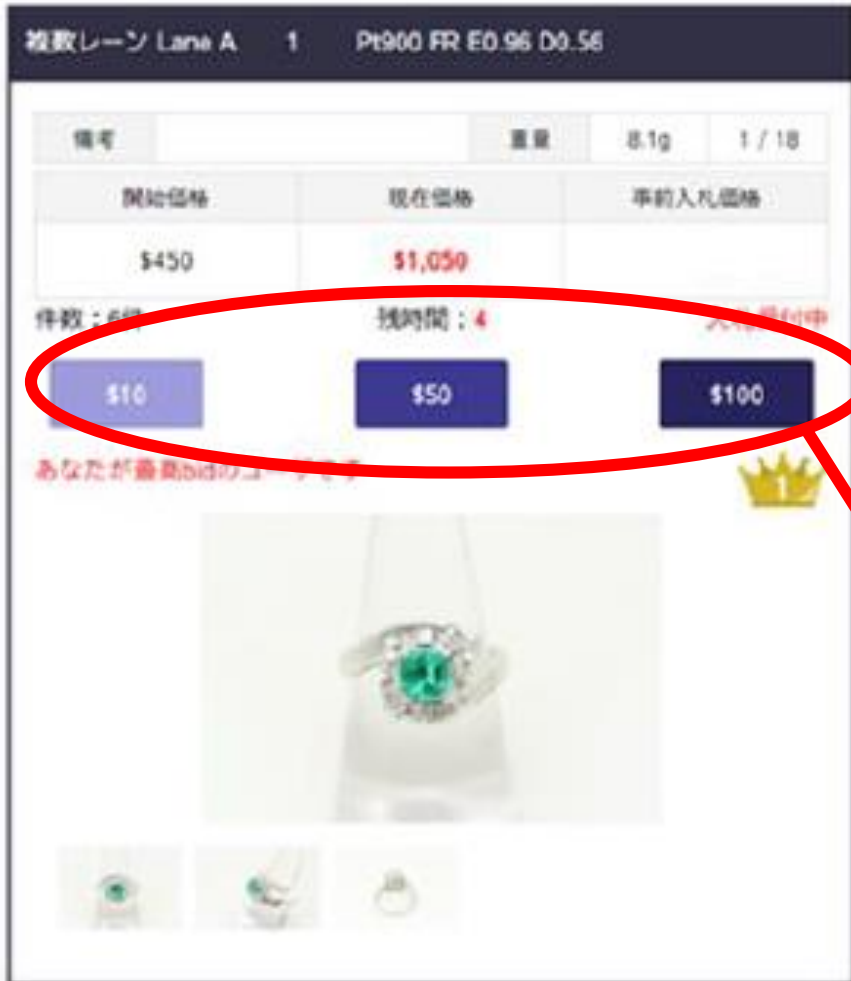

You are the winner of that item

Countdown has not finished yet

You have made the current highest bid

# Real-time Bidding

## ●Priority

If user A's preset bid price **is same as** user B who bid during the real-time bidding, the priority would be **given to user B.**

**Real-time bidding > Preset Bid**

## ●Additional information to bid increment

User is able to place bids by pressing "\$10" despite the current highest bid is over \$1,000, since the starting price is below \$1,000.

More detail on page 13

# Further Information

## ●Take a zoom in / out

Especially when you are checking photos on our online platform!

## ●Switch on / off sounds

These two icons refer to the sound effects of countdown and new bid has placed respectively.

Sound effects could be turned on / off when you click on the icon.

# Further Information

## ●Lane means

Places of auction will take place on auction day.

## ●Multiple Lanes

Items will be allocated into different lanes. They (no duplication) will have their own countdown separately.

## ※Display of lane(s)

2 lanes could be shown on PC screen at the same time, while smartphone could only show 1 lane.

# Payment

## ●Payment

### ① Cash

An extra 0.25% of the bill's total amount, will be charged as commission by NJHK.

### ② Bank transfer

No commission will be collected by NJHK; user is, however, required to pay ALL bank service fees.
